Comments on Statement of Reasons for Allowance

It is the applicant's intention that claims 30 and 40 be construed independently from each other and only according to the language used respectively therein and not according to the Examiner's paraphrased words used to describe these claims jointly in the Statement of Reasons for Allowance. With respect to the comments on claim 45, the applicant has noted a typographical error in line 4 thereof. Also, it is intended that claim 45 be construed only according to the language used therein as opposed the Examiner's Statement of Reasons for Allowance.

Respectfully submitted,
